WHAT'S HAPPENING

The Connections Gathering is the foundation of (Your Community Here) CTG Network. We may come from different walks of life and beliefs, but we are passionate about spiritual growth and we enjoy being of service in the local community.

We feel it is time to more consistently apply universally understood spiritually-based solutions to the real needs of ourselves, families, neighborhoods, communities, and world. It is time to connect heart to heart in our local region, and build a new world based on love and service, starting with ourselves. That is the purpose of connecting the good!

We start by supporting each others' spiritual growth AND community passions.

***Break bread** with each other and socializing

***Spiritual awareness:**

Small group breakouts focusing on one of the CTG values.

This month we share our stories about COMPASSION!

Give one personal example of how you were able to demonstrate COMPASSION. If you don't have a story, no worries. You don't have to share, especially if this is new to you.

***Community network building:**

Time to share what projects you have been involved in and also to share some of the new connections you have made in the previous month.
